10 November 2020

Friends

We are surely living in uncertain times. We are in the middle of the Covid-19 pandemic. People's lives are changing drastically. As we sit here is agriculture one of the sectors that is still growing in the South African economy.

There are challenges. As Agri Gauteng and Agri SA we are working in full force to tackle these challenges. We helped in managing the pandemic in a good manner. Humans and animals need to eat. We as farmers need to supply this food.

Safety remains a problem. Agri Gauteng is actively involved in resolving the ongoing crimes that we face.

Field fires in the Free State has shown how dependent farmers actually are. Agri Gauteng supports farmers in providing feed to affected areas.

The drought is happening all over. Agri Gauteng is playing a vital role by proving the much-needed support.

Let us do our part to support one another. Thus far an amount of R 182,609 has been invoiced for membership fees, compared to the R150, 0000 we have budgeted for. A lot of work and effort has been put into getting new members which has been working thus far. The outstanding payments that are overdue is R 58,739.

Help us so that we can help you. Please pay your membership fees.

Regards

Konrad Burger  
Agri Gauteng Vice President
